## An Elegant Sea-Shore Residence and Extensive Orchards, Graperies and Gardens, at East Pascagoula, at auction.

By J. R. WALTON, Auctioneer - Office, 40 Camp street.

Will be sold at public auction on SATURDAY, April 14, 1860, at 10 o'clock M., at the St. Charles Exchange, if not previously disposed of at private sale -

THAT VERY VALUABLE, Extensive and Complete Farm and Sea-Shore Residence, formerly of **Felix Ducayet, Esq.**, situated at East Pascagoula, Mississippi, at the mouth of the Pascagoula river, fronting the Gulf and West Pascagoula, containing about fifty superficial acres, more or less.

The improvements consist of superior Dwelling House, two stories and a half high, the lower story being entirely of brick, on brick pillars about ten feet high, containing twelve rooms and two large halls each 14 feet wide, wide galleries front and rear, extensive and numerous outbuildings, such as two cottages in rear of and adjacent to the dwelling house, stables, carriage house, wash houses, tool shop, feed house, cart shed, manure shed, ash house, farmer's houses, gardener's house, fowl house, &c., &c.

The Orchards are extensive, containing about 8000? fruit trees of the choicest description, of all varieties adapted to the climate, all young and thriving and full of fruit. The Vineyard contains about 2000 vines of superior varieties of imported grapes, besides extensive arbors, covered with Scuppernong, Isabella and other choice grapes.

The Flower garden contains a large number of very choice plants, among which are fifty white and colored japonicas, and two green houses filled with green house plants.

There is also a very large Spring Garden, in which is to be found every variety of vegetables, extensive asparagus and artichoke beds, full growth, in connection with which there is a contract to supply the East Pascagoula Hotel for the season, beginning on the 1<sup>st</sup> June next.

On the place there is about two acres of Strawberries, in full bloom, besides hot beds of the same.

Attached to the main and back buildings there are four cemented underground cisterns, capable of containing ...,000? gallons water, with chain pumps, &c., complete.

The Wharf and Bath Houses are in the best condition, the wharf running out to the channel, with depth of water sufficient for steamboats and sail vessels, such as navigate the lake.

Fine Fish in great variety abound in the waters, and there are extensive beds of oysters within 300 feet of the house.

There is a Railroad projected from East Pascagoula to Mobile, a company for the purpose having been recently chartered by Alabama, which will connect with the Railroad projected from New Orleans to Mobile.

This is in every respect one of the most desirable and complete establishments in the South, and presents an opportunity, rarely to be met with to purchase, at a very low price, a sea shore residence and farm, unequalled by any on the waters of the Gulf.

The original cost of this property was \$50,000, the building of the dwelling house having cost \$9,000 upon which, and the outbuildings attached, there is now insurance for \$7,300.

Terms - One-fourth cash, balance at 1, 2, and 9 years credit for satisfactory paper bearing interest at 6 per cent per annum and mortgage until final payment, the buildings to be kept insured by the purchaser at his cost, and the policy transferred to vendor.

A plan and bird's eye view of the property can be seen at the office of the auctioneer.

Parties wishing to visit the premises may leave the city by the Mobile mail boat, on Tuesdays and Saturdays. After the 1<sup>st</sup> June the mail boats stop daily at East Pascagoula.
